4. Knocking over a barrel is a five (5) second penalty, per barrel. Should barrel be knocked over and it sets up on opposite end, the five (5) second penalty will be assessed.
5. Not following the clover- leaf pattern will receive a no time. A broken pattern shall be defined as breaking their forward motion to retrace their tracks or backing up to finish the pattern and/or passing the plane of the barrel on the offside. Example: Should a contestant run by a barrel and have to back up or turn around and retrace their tracks, this would be considered a broken pattern.
6. Contestant will be allowed legitimate time from the time she enters arena gate until her time starts by Field Flagger or electric eye.

When using the alleyway and closing the back gate on alleyway for stopping, assistant can aid riders up to the main arena gate, at the discretion of the arena director.
14. The contestant is allowed a running start. If the gate is centrally located, contestant must keep forward motion toward the first barrel. If a side or corner gate is used, a single spin or pivot is acceptable in either direction or by the Arena Director's approval. Failure to comply will be a no time. Equipment

1. Twin units of battery power electric eyes with one electric power digital clock and one battery power digital clock and two (2) handheld battery power digital watches in hundredths shall be used, with the time indicated by the electric eye timers, or, if necessary, the average of the watches used by the official timers to be the official time.
